
RECENT WORK EXPERIENCE

Founding Designer at Kabilio Feb 2025 until today · Barcelona

- ◆ Designing end-to-end experiences for a multi-tenant accounting platform serving SMEs and their clients.
- ◆ Building and maintaining a scalable design system in Figma, aligned with React implementation for consistent delivery.
- ◆ Driving UX strategy and workflows for invoice processing, data input, and financial management, balancing usability with compliance needs.
- ◆ Collaborating with product and engineering teams to shape roadmap priorities and ensure customer-centric solutions.

Founding Designer at Taly Apr 2023 to Feb 2025 · Remote

- ◆ Sole designer responsible for end-to-end design across SDK (web app), native mobile app, and marketing website.
- ◆ Built the company's design system from the ground up, enabling scalable, consistent design and faster developer handoff.
- ◆ Defined and executed UX strategy, shaping product direction and customer experience from early stage to launch.

Sr. Product Designer at Weyay Bank Aug 2021 to Mar 2023 · Kuwait

- ◆ Designed end-to-end user journeys and interfaces for mobile and web, covering onboarding, payments, and account management.
- ◆ Developed and maintained a scalable design system, improving consistency and delivery speed across teams.
- ◆ Contributed to launch success: 90K customers in year one (3x target), 4.4★ App Store rating, and multiple global awards.
